Biotopical Age Intervention

Defy products offer a new approach to skin care that uses powerful bioactives to fight the root causes of wrinkles, loose skin, and discoloration—helping you look and feel as young as possible.

Age Erasing Serum

Defy Age Erasing Serum was formulated to target and erase the appearance of fine lines, deep wrinkles, and age spots with a unique blend of bioactives, including peptides, Indian cress extract, and noni leaf. These bioactives also even out skin tone and strengthen your skin so you can look and feel younger — 30 mL • \$39 Reg. | \$32 Membership

How to use: *Every morning and night, smooth over cleansed face and neck with upward and outward motion. Apply before moisturizing.*

Renewing Eye Treatment

Dark circles, crow's feet, and sagging skin around your eyes can make you look and feel older and tired. Defy Renewing Eye Treatment, a biotopical eye cream with powerful bioactives like gardenia, peptides, olive leaf extract and noni leaf, helps promote healthy enzyme production and restore the vibrancy your eyes deserve—30 mL • \$32 Reg. | \$26 Membership

How to use: *Every morning and night, gently apply to cleansed eye area.*

Face Lifting Night Cream

As we age, the collagen and elastin in our skin breaks down and our skin begins to sag. Our Face Lifting Night Cream was specifically formulated to counteract sagging skin. Powerful bioactives like oligosaccharides, oat kernel extract, and noni seed oil work overnight to create a firm appearance and moisturize dry skin—30 mL • \$39 Reg. | \$32 Membership

How to use: *Every night, massage into cleansed face and neck using upward and outward motions.*

Your typical morning regimen

Defy One Step Cleanser > Defy Triple Action Toner > Defy Age Erasing Serum > Defy Renewing Eye Treatment > TePoemä Moisturizer (Creamy or Hydrating Lotion) > TePoemä Environmental Shield

Your typical night regimen

Defy One Step Cleanser > Defy Triple Action Toner > Defy Age Erasing Serum > Defy Renewing Eye Treatment > Defy Face Lifting Night Cream

Products sold individually. Various Defy sets and samples also sold.
